

## Tribal Knowledge Solutions Alumni Network

Tribal Knowledge Solutions Alumni Network puts “energy” into your retirement, with ongoing connections and bonds that were forged across continents and corporations.

Hosted in a secure environment, TKS Alumni Network offers full featured sites for all former energy industry personnel. Membership in the network fosters ongoing relationships through message boards, directories, events and other connection points. Some featured topics include:

- Encore Career Development
- Wellness
- Finance
- Government
- Industry and corporate news features

In addition to content targeted to your “encore” life requirements, TKS Alumni Network offers secured pages for one stop access to pension, healthcare and related benefit information from your former employer.

The benefits of membership in the TKS Alumni Network include access to:

- Discussion Forums
- Secured, private directories
- Event and Industry calendar
- Group travel discounts
- Flex-time work opportunities
- One stop, secured access to benefits and related information

### About Tribal Knowledge Solutions

Tribal Knowledge Solutions (TKS) is the leading provider of "vendor neutral" end-to-end talent solutions for the energy industry, including resource, project, talent, alumni and alliance (Tribal Knowledge Alliance, a surplus talent solution ) management. As a client company of Tribal Knowledge Solutions (TKS), you will gain access to thousands of experienced petro-technical professionals, managers and executives available to meet your short-term technical project needs. You will join a growing list of over 25 client companies who have already realized the “value added” by the expertise provided through TKS.
