About Tribal Knowledge Solutions

Tribal Knowledge Solutions (TKS) is the leading provider of "vendor neutral" end-to-end talent solutions for the energy industry, including resource, project, talent, alumni and alliance (Tribal Knowledge Alliance, a surplus talent solution) management. As a client company of Tribal Knowledge Solutions (TKS), you will gain access to thousands of experienced petro-technical professionals, managers and executives available to meet your short-term technical project needs. You will join a growing list of over 25 client companies who have already realized the “value added” by the expertise provided through TKS.
